

Options for the download of the FCA register extract files

Automatic download Via HTTP web wervice

PLEASE NOTE:

The auto http file download does not support trial data downloading, but the syntax is straightforward once signed up:

To automatically download a file enter the below into url of browser in the format:

```
https://www.sdm-fsa-  
register.co.uk/home/queries/autodownload.aspx?username=++username++&password=++password++&datatype=E  
xt&category=firms
```

Replace the *++username++* and *++password++* with your web site login details.

Specify *Datatype* as:

Datatype =csv

Datatype=dbf

Datatype=ext

Datatype=tap or

Datatype=txt

Specify *Category* as:

Category = Firms or

Category = Individuals

Using FTP

FTP logins are NOT the same as for the web site - Please contact SDM if you would like an FTP account set up
NB. Each FTP “type” requires a separate login.

Server: ftp.sdm.co.uk
Port: 21
Login: *As provided by SDM*
Password: *As provided by SDM*

Using FTPS

Server: ftp.sdm.co.uk
Port: Implicit FTPS using port 990, or Explicit FTPS using Port 10021
Login: *As provided by SDM*
Password: *As provided by SDM*

NB. Use of Passive Mode FTPS requires ports 5001 – 5050 to be open on your firewall.

Using SFTP

Server: ftp.sdm.co.uk
Port: 22
Login: *As provided by SDM*
Password: *As provided by SDM*
